“ My condolences go out to the family of Brian, I know you will miss him very much.
I only knew Brian for a very short time but during that time I learned a lot from him about the industry that we were in. He, and people like him, are known as teachers, which is a rare commodity these days. I want his family to know that it was a great privilege to know him and I had the greatest of respect for him.
He will be missed by all.
