“ I have a few memories actually. The 1st was when I held you for the first time. I was only 7 yrs old and I thought it was so cool to be an Aunt. The next is that night in August 1996 when you rescued me from danger. You saved my life that night. Then I have the memory when Raquel was sleeping over and she decided to prank call you and told you "You better watch your back!" and she hung up the phone. I told Raquel that she shouldn't do that. A few minutes later someone was banging on the door and Ariel answered the door and Danon said "who's prank calling my house?" Danon came into the house dressed in black wearing dark sunglasses and all Ariel and Raquel could do was cower down on the couch. Needless to say, they did prank call him again! Thanks for being there for us
