“ Gil and I were flying in Maurice... he was flying his new Aeroworks Extra and had the engine quit.... Gil landed it as best he could in the cane field and he and I walked out to get the pieces... Turns out the plane was sitting on top of the cane apparently no damage at all....

We carried it back, checked it all out no problems at all... put some fuel in it and Gil flew it the rest of the day with zero problems... we would both remember this event every now and then...!!

Fly high Gil...!! 🙏👍😂✈️

You were the kindest person I have ever known. Even in the face of personal attacks and people taking advantage... you let it go! I was so happy for you the day you got baptized. I saw the Holy Spirit come upon you and I knew that...then and there you were going to be ok. I was , I am, and I will forever be your friend. I love you my brother in Christ.

Going to miss Gill! Didn't get to know him nearly long enough, but he always brought a pleasant nature to the flying field. May all his future flights be as God's side!
