“ My condolences to the family on the loss of your loved one. The sting of death is very painful. But when you throw all your pain on God (Psalm 83:18), He will comfort you and carry that pain for you. So draw close to God in prayer and He will draw close to you in return.(James 4:8)

“ I only met and worked with you for about a week, but I found you to have a great sense of humor able to make someone laugh/smile when they weren't trying to. You also helped me get some of my things loaded into my car in the rain before doing your own work. That shows you were not a selfish person. Sorry to hear you're no longer here, but grateful to have met you. Condolences to your family, friends, and all that ❤️ you

“ *There was never a dull moment when we connected. These last 3 yrs that's passed we connected just about everyday either on the phone or in person. I'm fortunate to have known "The Real You". Your inner being is beautiful. I admired your resilience as you did mine. You never gave up and possessed a heart of platinum. You will be missed by many, but as for those of us who truly adored you "WE will continue to carry you within our souls"! Your cell is our cell! You are NOT gone to ME, therefore I'll never forget! There are NO goodbyes between You & Eye King Helron More (He Is I & I Am Him)! As Eye fix this hurt and pain within my physical being so too shall it be fixed in yours! Eye rest knowing that you're experiencing your true REALITY now and the ILLUSION of you is now disentigrated! To the Moore Family, Y'all have my most sincere and deepest condolences! This candle is only a representation of the light Eye've lit for Y'all and the fire that'll forever burn within me in his honor! ~Black Blessings~*
