“ I met Hillary in the early 60's at trade school in Crowley. We became instant friends. We reconnected on facebook a few years back. There is s hole in my life and I'm sure in the lives of others with his passing. RIP Hillary, until we meet again.

I worked with Ray at K&B Drugs which I think was his first job as a pharmacist. I knew about him because my sister had married his uncle, John Hunter. I got to know him during the years we worked together. Ray was a pleasure to be with and very bright and well imformed on many issues. He was a person who would do what ever he could to help. I always felt confident the prescriptrion department was in good hands when I left him in charge.

I had not seen him for years but I spoke to him some time back about his fruit cake recipe, which was always a big hit with everone. My wife, Elaine enjoyed Ray when he visited and both of us are saddened to hear about his unfortunat death. We will pray for his soul and his family.
