“ I wanted to write and send my condolences to your family. I do not know you but I know what something about what you are going through. You see my 9 month old grandson Travis passed away just this past October. He also lived in Scott. We all felt like our world had been shattered. He was not sick or in an accident. He simply went to bed like any other night and did not wake up the next morning. I tell you this not to upset you but to let you know that there are people who understand your pain. I don't know if your little girl was sick or in an accident and that really doesn't matter. She looks perfect in her picture. I just want you as parents to Jewelz, her brothers and her grandparents to know that although we have never met you are all in my thoughts and prayers and will continue to be for awhile. I also would like to say that if you or Jewelz' grandmothers may need someone to just listen please email me.

I am so sorry for your loss. My heart goes out to you.

And you know the way to where I am going.” John 14:1 - 4
