“ This picture of him i wish i would've seen more of. Coach was tough rather it was on the Football team , or the track team ,or in his p.e classes you knew everyday you was going to have to be ready in doing your best. That smile would come out every once in awhile. But to those that knew him knew he wanted the best in you. In the stadium in the breeze way that should be call Chatelain Way before we would go on the feild to pratice we had those tough drills 1974 thru 1977 . To his Family especially his Sister in whom we went to school with i honor your brother and know that this story is of love and respect . May more story of your brother be told and that it get share by you and your family .

I am sorry to hear about your dad. I was an elementary teacher at Elton Elementary where your dad taught PE Part-time while still coaching at the high school. He and I had many long talks. He was a good man. My husband was the principal at the high school. He talked a lot about you guys. He really loved y'all!
