“ *What a sad moment in Rayne. He was always there to help a person in need. There was not a better VW Mechanic around. RIP old friend.*

“ *Reed was always hard at work. He lived down the street from me. I would always see him under someone's hood. He often fixed on my cars. That was a passion for him. He was putting freon in someone's car when I passed in front the house a day before he passed. He was a good man and always trying to help someone. He will be sadly missed.*
