*Schmoopie you're never gonna know how truly missed you are. Each day that you aren't here it compounds the loss. I've decided to return to Hell for that thing my brother was trying to solve. Watch over me and keep me safe these vultures are a new breed. There isn't loyalty to anyone or anything. I'm amazed . Our bubble was perfect ignorant bliss. Only wish I was dumb enough to continue to believe that way again. Your were one of the best teachers other than my family that I've ever known falling the guides you gave me I'm trying to live our way of life as best as I'm able. Your right though I'm different wish I had listened sooner, for that I'm sorry. He'll isn't fun but to avenge my Brother I'd stay and dance with the Devil himself. I'm close Schmoopie. Very very close. Please continue to keep me safe, we have gained allies and made enemies both are necessary evils. Found a great leader who should be with our family, remains to be seen what's gonna happen. Be patient*
